ADEPT Waste Panel Meeting 8 June 2016

Attendees: Ian Fielding, North Yorkshire (Chair)

Hannah Bartram, East Sussex

David Beaver, Kent Annette Dentith, Devon Tracy Moffatt, CIWM Andrew Pau, Oxfordshire Steve Read, Somerset

Sonika Sidhu, LGA (attending in place of Hilary Tanner)

Apologies: Tom Blackburne-Maze, Milton Keynes

Tracy Carter, Wiltshire Ian Hartley, Torbay Chris Murphy, CIWM Kevin Nacey, Somerset

Hilary Tanner, LGA (Sonika Sidhu attending)

Glenn Fleet, Warwickshire Sean Kent, Lincolnshire Karyn Punchard, Dorset

Item		Action
		71011011
1	Welcome	
	Helen Jordan – British Plastics Federation (BPF)	
2	Presentation	
	Helen Jordan – Plastic Industry Recycling Action Plan (PIRAP), 1 year on Originally WRAP – now BPF/plastic EU Targets – 49% 2016 57% by 2020 (was 2017)	
	Objective - involve whole supply chain	
	Outcomes - end market creation Increasing range of collected materials Improving engagement Improving sorting infrastructure Increasing investment	
	Action Plan - identifies actions by sector including:	
	Government - review PERNs/PRNs Incentivise Harmonise collections	
	LAs - Benchmarking/comparisons - performance Materials Systems Add Pots/tubs/trays Specify recycling products in procurements Enhance recycling on the go	

Pledge for plastics - coms campaign ready available for all stakeholders Social media Press releases One year on - DEFRA simplified PRN Reviewing how compliance money is spent WRAP harmonisation work 75% LAs collecting pots/tubs/trays Bimonthly newsletter/case study Questions/comments AP - What is in it for LAs? HJ - Kent/LARAC have signed - Cambridgeshire are considering it SR - Is there a suitable and use for additional materials? Lack of incentives - add costs/lack of market Integrity issue when asking for materials that can't be recycled. Circular economy will/may help resolve. AP - Publicity issue is a big risk - don't want to over emphasise performance on Pots/tubs/trays if cannot deliver SR - Request to map flows of materials transparently Hannah Bartram suggestion that ADEPT sponsor some research? - need to check what is already available Message back - think why sign up from LAs is so low and what can be changed to incentivise local authorities more. 3 Treasury Policy Consultation Environmental Audit Committee have asked three questions around Treasury policy in supporting delivery of waste targets. LGA have responded - questions is whether ADEPT also want to? Key points for response will include: Landfill tax - financial burden on LAs - not being used for investment Producer responsibility - Needs to drive performance, - No transparency of investment - Lack of LA power to pass incentive to householders - How to fund recycling? Business rate retention as replacement to RSC may result in local businesses subsidising national business/industry wide obligations? Action: IGF to draft response with SR. Clear with TC before sending DEFRA have asked NAWDO to comment on a table of perceived barriers to improving consistency in recycling collections.

LGA have responded – questions is whether ADEPT also want to? Key points for response will include: Landfill tax - financial burden on LAs – not being used for investment Producer responsibility - Needs to drive performance No transparency of investment - Lack of LA power to pass incentive to householders - How to fund recycling? Business rate retention as replacement to RSC may result in local businesses subsidising national business/industry wide obligations? Action: IGF to draft response with SR. Clear with TC before sending Consistency in recycling DEFRA have asked NAWDO to comment on a table of perceived

5	 IGF posed questions: Are ADEPT engaged? Are our views coherent – are we communicating them? Can we contribute to this debate? AP confirmed he is ADEPT rep working with WRAP – has seen barriers document – hasn't commented LGA questions the cost/benefit analysis Concluded that no further action necessary and AP will feed back. Stakeholder updates 	
	ADEPT update — Rupert Clubb now president Paula Hewitt, Somerset — new chair of Environment Board President's Meeting held in Devon last month Discussed the policy prospectus for next year - emphasis remains devolution ADEPT to have corporate partner membership option Target — 16 companies in year 1 = £5k each Income could contribute towards R&D Relaunched the web site — www.adeptnet.org.uk Would like to include TOR/work plan for waste panel Refreshed the monthly newsletter ADEPT conference 24/25 November, Manchester Agenda being developed now Theme: place leadership in uncertain times. LGA Update Viridor have money for LAs to invest. LGA intend to submit evidence to Environmental Audit Committee LGA have presented to Lords on circular economy. JR on commercial waste — VAT issues. Hearing in July LGA under pressure from NHS England to look at clinical waste. CIWM update Conference next week Barriers for re-use study to be launched later in the summer. TM last meeting — Chris Murphy to attend in future. TM going to Skanska UK	TC
6	LA Update	
	Oxfordshire - consumed by unitary/devolution debate 58% recycling ERF operating - <5% waste to landfill Devon - new joint committee for waste strategy – 2 tiers Shared savings scheme with districts Two districts looking at three weekly collection Looking at databases	

Gloucestershire -

Gloucester joined Teckal 'Ubico' to provide

HWRCs from October.

Somerset moving to three weekly collection – struggling with contractors (view?)
Savings target £3m

District recycling stalled

<5% to landfill

NYCC -AWRP

> Teckal – HWRCs Disposal/transfer Partnership issues
