

ADEPT Flood & Water Management Group update October 2019

The ADEPT Flood and Water Management Group meeting on 17th October had a packed agenda covering:

- River Basin Management Plans (the Water Challenges and Choices Consultation is now underway: <https://consult.environment-agency.gov.uk/environment-and-business/challenges-and-choices/>)
- Drainage and Wastewater Management Plans – New Water UK guidance document released here: <https://www.water.org.uk/wp-content/uploads/2019/09/Working-together-to-improve-drainage-and-environmental-water-quality-an-overview-of-Drainage-and-Wastewater-Management-Plans.pdf>
- East Ridings of Yorkshire case study – Flooding and their approach to the cycle 1 Flood Risk Management Plans
- National Flood and Coastal Erosion Risk Management Strategy - Developing the action plan with ADEPT input
- Surface Water Management Action Plan update/progress – ADEPT actions and input
- Discussing the groups new Terms of Reference which will be uploaded to the ADEPT site in November.
